

BEST PRACTICES 2017-18

1. Best Practices in Environment Protection

Our Mother Earth is facing the problem of ecological imbalance. The availability of non-polluted environment is like a dream now. We need to make efforts for cleanliness of environment globally. We, the concerned teachers and students of G.D.M. Girls PG College are making all out efforts to conserve environment by spreading awareness through swachhta abhiyan and plantation drive among the masses. Teachers and students of G.D.M. Girls PG College with their knowledge and special skills like Acting, Singing, Drawing & Painting and nukkad nataks are making people aware of the polluted environment. Other activities like conducting lectures, workshops, demonstrations, poster, essay and quiz competitions on this burning issue are regularly practiced. In all above awareness activities our Eco club, NCC Cadets, NSS rangers, members of Red Ribbon Club, and students of IGNOU study center, students ' union and NGOs provide their valuable contributions.

2. Best practices in the development of employability skills among students:

Students are provided with the opportunities to work with renowned organizations as interns to gain experience in their respective fields.
